Choir News Issue 428 – 7th October 2026

Potential Travel Difficulties over the weekend of our Duruflé concert

Please be aware that the National Highways Agency has recently announced that the M5 near Gloucester will be closed in both directions between junctions 11 and 12 (including J11a) from 11pm Friday 16 October until 6am Monday 19 October.

The diversion route (shown in the map below) is via the A38 Gloucester ring road and is expected to be very busy.

For more information: https://nationalhighways.co.uk/.../m5-grove-court-and.../

There is also, as previously notified via Muzodo, a significant rugby fixture taking place at Kingsholm on the evening of Friday 16 October. Parking in the area of the Cathedral will therefore be at a premium and if travelling by car you may need to park further away than normal.

Please take note of both of the above and adjust your schedules accordingly.
